Cable

Charging USB cable ECO 3 in 1

Because the cable is composed of a blend of plastic and wheat straw, it is less harmful to the environment than regular plastic straw.

The unique color scheme of the product is also a result of straw.

Charging USB cable ECO

Three-in-one Charging Cable made of Bamboo Retractable. Its a charging cable with three different connector types: Micro USB, Lightning, and USB-A connectors. As a result, it works with a variety of gadgets, such as tablets, iPhones, iPads, and Android smartphones. In addition, the cable is retractable, allowing it to be extended and retracted up to 30 inches in length. This keeps it from becoming twisted and makes it simple to carry and handle.
